2017 Team NB Selection Standards and Criteria

Mission: To select the most competitive full team for the 2017 Jeux Canada Games.

RAZA scores using the athlete's classification and performances will determine para-throws events/selection. The step-by-step selection criteria will be inclusive of all able and para athletes.

The 2017 CSG Trials (date TBD) are MANDATORY for all athletes. All athletes who plan on being named to Team NB in 2017 must compete at the trials in their declared event(s) noting selection criteria points 5, 10, 15 in regards to not competing at trials. More details can be found in section 2.1.10

Winning one event at trials is not a guarantee of selection.

Selection Criteria Definitions and Information

- “A+” Standard or the highest possible standard of performance is based on the average bronze medal performance at the past four games (2013, 2009, 2005, 2001). This standard has been chosen due to the fact that a major determiner of successful games are medals. As such every priority should be made to attain the highest medal count possible.
- “A” Standard or the second highest possible standard of performance should be based on the belief that if an athlete can reach the final “Top 8” then he/she are in a position to compete for a medal. Subsequently “A” standard is an average 8th place at the past four games (2013, 2009, 2005, 2001).
- “B” Standard is based on the final determiner of a successful games i.e. flag points. It is believed by achieving a performance better than the average of 12th that they can compete against half of the field. Subsequently “B” standard is an average of 12th place at the past four games (2013, 2009, 2005, 2001).
- Selection Criteria 5, 10, 15 – Extenuating Circumstances
 - a. These circumstances must be submitted in writing to the head coach as soon as they are known or anticipated with the minimum date being 2 weeks before the start of the trials. Any request after this time will be heard but will be subject to stricter evaluation. Written submission for request to miss trials due to extenuating circumstances are in no ways guaranteed. Formal documentation will be required for all justifications.
 - b. Circumstances such as illness, injury, or periods of bereavement will not be subject to the same time constraints but must be communicated as soon as possible. Documentation may be required.
 - c. Performance level is an important factor during the assessment of extenuating circumstances. If an athlete with multiple performances beyond the A+ standard has an extenuating circumstance the request will have a far greater likelihood than an athlete with a single B standard.
 - d. Examples of extenuating circumstances include but are not limited to national team events/opportunities, post-secondary educational events, and family emergencies.
