INTRODUCTION & ACKNOWLEDGMENTS

Dear Board Member,

This manual serves to provide you with the necessary background information along with documentation regarding Athletics New Brunswick and its operation to help facilitate your transition into the role of a new board member. Please review this manual carefully and use it in conjunction with the wide variety of information available on our website. This manual can also be used by some of our seasoned board members as a reference guide.

For the new board member, it aims to outline the overall scope of the organization and provide you with the tools and information you need to be successful in your new position.

For the seasoned board member, it can be used as a reference guide to ensure you are fulfilling your duties and as a resource for important board information.

Please note that there is a 'quick reference' page with a summary of some of the main points in this manual that can be used as a fast and efficient reference should you require it. This manual will be updated on an as needed basis to provide current and up to date information including AGM minutes, financial statements, etc. Efforts should be made by the board to review the website periodically for updated information on new programs, competitions, new stories, etc. as this will help you to be more informed.

Please note that the manual is condensed so as not to overload incoming board members. Should you require clarification or more information, please do not hesitate to contact ANB staff or other board members or visit our website for more details.

Thank you for accepting a seat on the board with Athletics New Brunswick.

ABOUT ATHLETICS NEW BRUNSWICK

BACKGROUND

Athletics New Brunswick is the governing body for track and field in New Brunswick and as such, is recognized as the both Provincial Sport Organization and the official branch of Athletics Canada. Athletics is often mistaken to mean a variety of sports, where it is actually the European term for track and field and its affiliated disciplines. We offer programs to affiliated and non-affiliated participants alike on a year round basis and receive operational funding through the Sport, Recreation and Active Living Branch of the Department of Municipalities, Province of New Brunswick.

ANB began back in 1991 as a one staff organization and has since flourished into an organization with four full time staff along with several clubs, board members and committees.

Athletics New Brunswick will, by 2018, be recognized as a national leader and in all aspects of its organization be a reference for success within the New Brunswick sporting community.

STRATEGIC GOALS

Participation – grow the number of people involved in athletics in NB, particularly focusing on increasing athlete membership by doubling of the number of active trained coaches, as well as by a healthy increase in the number of officials and volunteers.

Performance – improve the performances of our athletes at all age levels relative to national results. Increase our number of nationally carded athletes. Improve our national medals and encourage development of high quality coaches/clubs.

Positive Experience – deliver an exceptionally positive “WOW” experience for athletes, parents and volunteers leading to increased participation, satisfaction and retention of members at a level that will be best in the country.

Coaching – increase the development of more active, trained coaches leading to progress/success in the other goals. Actions related to development and recruitment of coaches will be of a high priority.
