

The Royal Canadian Legion New Brunswick Command

Track & Field
Overview and History
1975 - Present

Introduction:

This document is an attempt to record the history of the Royal Canadian Legion's involvement with track and field in New Brunswick.

The Legion National Youth Track & Field Championships are Canada's premier and only nationwide competition for youth track and field athletes from across the country. The championships are truly national in scale as the Legion supports teams from all provinces and territories in Canada.

The national program began in 1975 as a weekend training camp with only four (4) provincial Legion Commands participating. In 1976, the weekend training camp was held again with athletes from six (6) Commands taking part. In 1977 the first week long camp and national championships took place and this format continues today. New Brunswick Command has been involved in track and field since 1959. Before the start of the national program we held District and provincial track and field meets throughout the province.

The large part of this document was prepared by Harold Nicholson. He was a member and Executive Officer of Hartland Legion Branch # 24; a longtime member and 22 year President of Athletics New Brunswick; a teacher; a coach; a Legion team chaperone; and a member of the Provincial Track & Field committee. In 2012 he was awarded the national "Investors Group Volunteer Sport Administrator of the Year Award" and in 2014 was posthumously inducted into the Athletics Canada Hall of Fame.

On July 24, 1998 while working on a combined document of the New Brunswick Legion, Canada Games and Jeux de la Francophonie teams Harold wrote the following –

"The following list of athletes and staff who have comprised the New Brunswick provincial teams since the inception of the Jeux du Canada / Canada Games in 1969 and the Royal Canadian Legion Age-Class Teams in 1977 is a small attempt to record a part of the history of our sport in this province.

This listing is built on a previous effort started in 1993 and then left to rest, in part resulting from a lack of understanding as to where to look for further information. With the coming of the 1997 Canada Summer Games in Brandon, Manitoba, the writer's interest was again sparked and a great deal of effort was spent in looking for the original work (typed on two pages).

This list was expanded to include the team representing N.B. at the Eastern Canadian Espoir Championships in 2002.

With the gracious assistance of Graham Blake at the Fredericton Public Library (Reference Section) and telephone calls to Suzanne Coffey (Sport, Recreation, & Active Living Branch, M.C. & H.) and former Head Coaches, Art Gremley and Ed Skiffington and coach Roly Mcsorley and the reports from the 1989 and 1993 Games Teams, as well as Dominion Command, Royal Canadian Legion along with other coaches and volunteers in the Legion Program, what is presented here is as complete as possible.

This effort at documenting part of the competitive history of Athletics New Brunswick is now preserved on computer disk and, hopefully, will be continued into the future.”

He continued working on the document until 2012. Since that time I have had the honour of carrying on his desire to record the history of the Legion track and field program in New Brunswick.

The following pages contain the names of the New Brunswick Command Legion team members that attended the national competition as coaches; chaperones; and athletes, broken down into two age categories. Athlete names are followed by the community where they resided.

The writers accept responsibility for any errors or omissions in the various team lists and would be very grateful for any additional or corrected information available. The information can be sent to Clayton Saunders at fumbe@nb.sympatico.ca.

HISTORY OF THE CHAMPIONSHIPS¹

WHY DOES THE LEGION SUPPORT YOUTH TRACK AND FIELD?

The Legion's national youth athletics program has come to be regarded as one of the best in the country. In fact, many of our former participants have gone on to international and Olympic success. Through the success of this program, many youth have been taught the value of leadership, teamwork, and many more skills necessary both on and off the playing field. We have been able to encourage many characteristics that can come from working in a team environment, as well as being exposed to a variety of cultures across Canada. It is through our sports program, youth education programs and other youth initiatives that the Legion helps strengthen the younger generation and the future of Canada.

1950s – IT ALL STARTED WITH ONE BRANCH

The Legion's interest in Track & Field extends back to the early 1950's. During the early years, the Ontario Legion Hydro branch, No. 277, with the leadership of the late Bob Saunders, chairman, Ontario Hydro, and the late George Duthie, manager of the sports department, Canadian National Exhibition, sponsored the former Canadian Olympic Training plan. The Hydro branch sponsored a series of projects to provide financing for this program, including invitational track meets and big name performances. The success of this program prompted the branch to forward a resolution to the 1956 Dominion convention of the Legion held in Vancouver, requesting, and receiving, the Legion's dominion-wide support of the Olympic Training Plan.

1957 – THE LEGION BEGINS CONDUCTING NATIONAL ATHLETE'S CLINICS AND TRAINING CAMPS

In 1957 The Royal Canadian Legion entered the national track and field scene, when it undertook to finance The Canadian Olympic Training Plan. From 1957 to 1961, the Legion conducted national athletes' clinics in Toronto, with each province being invited to send a team of selected athletes and coaches.

For the initial four years, the program was under the direction of coaches Franz Stampfl, Don Canham and Dave Rankin. During that time, more than 700 athletes, and a number of coaches attended the clinics, each culminating with track and field meets at The Canadian National Exhibition.

In 1962, the federal government awarded a grant to the Legion in support of the first Canadian National Clinic for track and field coaches at Guelph, Ontario (this support continued until 1969). The 1962 clinic was under the direction of world-renowned Geoffrey Dyson, former British national coach, with John Disley, John Savidge, Denis Cullum, French coach Jacques Bergougous and nine well-known Canadian coaches assisting.

¹ The Royal Canadian Legion Dominion Command

<http://www.legion.ca/youth/youth-track-and-field/history-of-the-championships/>

In addition, four summer and three winter training camps were held, which were attended by a total of 475 young track and field athletes.

At the conclusion of the 1962 coaches' clinic, Geoffrey Dyson accepted the position of the Legion's sports training program coordinator for a 5-year period. During this tenure, more than 1,300 coaches received the benefit of the program, with an additional 2,500 coaches receiving training at provincial and regional clinics.

1963 – THE LEGION DEVELOPS SOME OF THE FIRST TECHNICAL PERIODICALS ON TRACK AND FIELD

In 1963, the Legion recognized the need for Canadian technical periodicals on track and field. As a result, COACHING REVIEW and THE TRACK AND FIELD ANNUAL were produced. This program, made possible by the unique organization and resources of the Legion, combined with the support of the federal government, passed into history in 1969, when the Fitness and Amateur Sport Directorate of the Department of National Health and Welfare advised that, as a result of a study of policies and guidelines relating to grants under the Fitness Act, no further federal financial support would be available.

1975 – THE FIRST CANADA-WIDE TRACK AND FIELD MEET WAS ORGANIZED

From then until 1975, the existing track and field programs only went to the provincial level. In 1975, a Canada-wide pilot track and field meet was conducted at Waterloo, Ontario. It was such a resounding success that a second national meet was held in Edmonton, Alberta, in 1976, which also proved to be a great success. The two pilot camps showed that there was a need, and that young Canadians certainly gained from the experience.

1977 – THE LEGION FUNDS NATIONAL TRACK AND FIELD

In keeping with the Legion's commitment to our youth, funds were allocated for National Track and Field camps starting in 1977. Funds are still being allocated, with planning of future camps commencing five years in advance. Since 1977 the Legion has invested millions of dollars to hold national annual track and field camps to provide training and competition at the national level for young track and field athletes. The camps provide these youths opportunities to mix with other athletes, coaches and chaperones from all parts of Canada.

In addition to the national commitment local Legion branches, in concert with their provincial commands bid for the right to host this event. As such the location varies from year to year providing national exposure and experience to all parts of the country.

1985 – PROGRAM EXPANDED TO INCLUDE COACHING CERTIFICATION

In 1985, the program was expanded to include coaching certification courses. With the co-operation of the Canadian Track and Field Association, and the Coaching Association of Canada, highly qualified coaches and clinicians from across Canada conducted the courses and also took part in the clinics for the young athletes.

1997 – THE DOMINION COMMAND ATHLETIC CAMP CHANGES ITS NAME TO TODAY’S LEGION NATIONAL TRACK AND FIELD CHAMPIONSHIP

In 1997, the name of the Dominion Command Athletic Camp was changed to the Legion National Track and Field Championships. These championships are divided into two sections – one consisting of a two-day meet and the second, two days of training clinics, attended by approximately 400 athletes and coaches.

TODAY – THE LEGION NATIONAL TRACK AND FIELD CHAMPIONSHIP HAS REACHED INTERNATIONAL MERIT

The National Track and Field Championships are only one aspect of the total involvement of The Royal Canadian Legion with track and field in Canada. Many branches across the country sponsor local track and field clubs all year round, and many provincial commands hold provincial meets and training camps for thousands of young athletes.

This total collective effort from across the country combined with the assistance of the provincial and national Athletics Canada organizations results in Canada’s best youth and midget athletes competing nationally. National and provincial athletic associations have described the program as one of the best in existence and have qualified it to be of international merit. This legacy has continued throughout the years as Legion athletes continue to represent Canada nationally and internationally.

In 2010 the Legion National Youth Track & Field Championships became Canada’s defacto Canadian Championships through the opening of the youth and midget categories to all Canadian athletes to compete.

Team New Brunswick
1975 - Present

Kitchener - Waterloo, Ontario 1975

Weekend Training Camp Only (Four Provincial Commands Participated)

Legion Representative: Richard (Dick) Jamer

Coaches: Brian Gilliss (Oromocto), Bert Pelletier (Edmonton)

Chaperones:

Athletes

Tay Breen (Oromocto)

Lynn Poole (Oromocto)
