

## Call for Coaches (Legion Championships) August 11th to 13th, 2017 in Brandon, MB

Athletics New Brunswick is currently seeking applications for Team New Brunswick coaches at the 2017 National Legion Championships. This Team New Brunswick event will see athletes from across the province come together to form one team.

Led by the New Brunswick Legion Command 4 coaches will be selected to assist with the care of the athletes during the course of the trip however, their primary duties will be centered on the competition portion of the meet.

Duties for coaches on the team include a combination of managerial and competition duties such as confirming and entering athletes in the track meet, registering for coach passes, and communicating and assisting athletes in the lead up to the event. Coaches will also be assisting chaperones in the organization of the athletes however; this role is minimal compared to other ANB events.

Individuals interested in taking on a leadership role with Athletics New Brunswick will receive free transportation, accommodation, meals, coach's registration, and team uniform items.

Interested individuals should submit a letter of interest to [anb@anb.ca](mailto:anb@anb.ca) by April 5th, 2017. Included in this email should be a summary of their NCCP coaching credentials, previous coaching experience, and answer the following two questions:
