

Call for Coaches

Athletics New Brunswick is currently seeking applications for coaches to the 2016 AC Indoor Open trip.

This trip will see athletes travel as a squad. This means the group will travel together, share accommodations, and take part in other group activities.

This group of athletes and coaches will compete to the best of their abilities representing clubs from across the province. Coaches will be expected to support athletes from all clubs regardless of their own club affiliation ie. athletes competing for clubs but coaches for NB.

Duties for coaches on the trip include a combination of managerial and competition duties such as dealing with transportation and accommodation logistics, taking part in the meet technical meeting, confirming athletes understand the shuttle schedule as well as their expectations of being self-sufficient athletes (no 24hour supervision).

Individuals interested in a taking on a leadership role with Athletics New Brunswick will receive free transportation, accommodation, coaches registration, and a small per diem. Selected individuals will be responsible for getting themselves to their bus on/off location as well as the majority of meal costs.

Interested individuals should submit a letter of interest to anb@anb.ca by January 5th, 2016. Included in this email should be their bus on/off location, previous coaching experience, and answer the following two questions:

- How will you make this experience a positive one for the athletes?
- How do we make this event a success for the athletes and for the squad as a whole?
