

Dear Athletics New Brunswick Members,

My name is Shelby Maclsaac and I am in the process of completing my second year of studies in Business Administration at the University of New Brunswick. Additionally, I am a member of the varsity women's track and field team. I first became a member of Athletics New Brunswick in 2013 and since then, have been able to represent the province at the national level since 2016.

As a dedicated and accomplished track and field athlete, I believe I have the skills and experience necessary to make a valuable contribution to the organization.

As an active member of Athletics New Brunswick for over 8 years, I have competed at both the provincial and national levels. Also, I have been able to volunteer at meets across the province and have had the opportunity to work with many of ANB's most qualified coaches and officials.

I am excited about the possibility of joining the ANB Board because I am passionate about the sport of track and field and I want to be part of an organization that is committed to its growth and development. As a board member, I hope to use my experience growing up as a New Brunswick athlete to help benefit current and future generations of athletes within the province.

In terms of what I wish to achieve in this position, I am particularly interested in working on initiatives that promote the sport to young people and increase participation within the sport. I also have an interest in increasing the support and opportunities for the developmental and high performance members of ANB. I believe that my experience working with developmental athletes and being a high performance athlete myself has prepared me well for this type of work.

In closing, I want to thank you for considering my application and for the opportunity to be part of an organization that I care deeply about.

Sincerely,  
Shelby Maclsaac
